Step Up Student Workbook

Brunetto, Atkinson, Brooks, Kleoudis, Stewart AUST 2010 \$61.95

Step Up - Health and Physical Education for Queensland has been written by Queensland teachers for Queensland students in Years 8 to 10. It builds upon the foundations established in the H&PE syllabus and comprehensively covers the three core learning strands of Health, Physical Activity and Personal Development.

Step Up also explicitly addresses the Essential Learnings and Standards for H&PE to assist students and teachers in meeting the Queensland Curriculum, Assessment and Reporting (QCAR) Framework requirements. The student text includes:

- A wide variety of engaging activities to cater for diverse learning styles and abilities to help students master the 'Ways of Working' outlined in the Essential Learnings and to provide teachers with valuable support in assessing student progress.
- Graphs, statistics, other data and newspaper articles to analysis to develop essential analytical, literacy and numeracy skills.
- Simple topic introductions, followed by more detailed and complex explanations to ensure that every topic can be appropriate for every student across three year levels and provide flexibility in meeting school needs and changing syllabus requirements.
- Mini-essay activities that provide opportunities to practice and improve comprehension and literacy skills.
